

ASPIRE GYMNASTICS CLUB ANNUAL GENERAL MEETING

Report from the Chair

Our 5th year at St John's proved to be the most challenging yet!

Happily we managed the flood damage and ensuing insurance claim well and have come out even better equipped. The Gym is looking in very good shape and we should all be very proud of our achievements

Membership continues to increase, as do our coaching numbers and qualifications

We have now employed Alun McMillan on a full time basis, his main roles are administration, health and safety and GDPR with some additional coaching hours. We wish Alun well in his new role.

My role as chair covers many issues, staff employment, overseeing the building, ordering new equipment and everything from stationary to replacement viewing screens.

I organise all works to do with the Club, such as electrical, plumbing, utility contracts, repairs and general maintenance.

I also oversee any issues in the Club to do with Welfare and employment.

I look forward to another successful year at Aspire and would like to thank all members of staff and volunteers for their hard work.
